Vision & Values

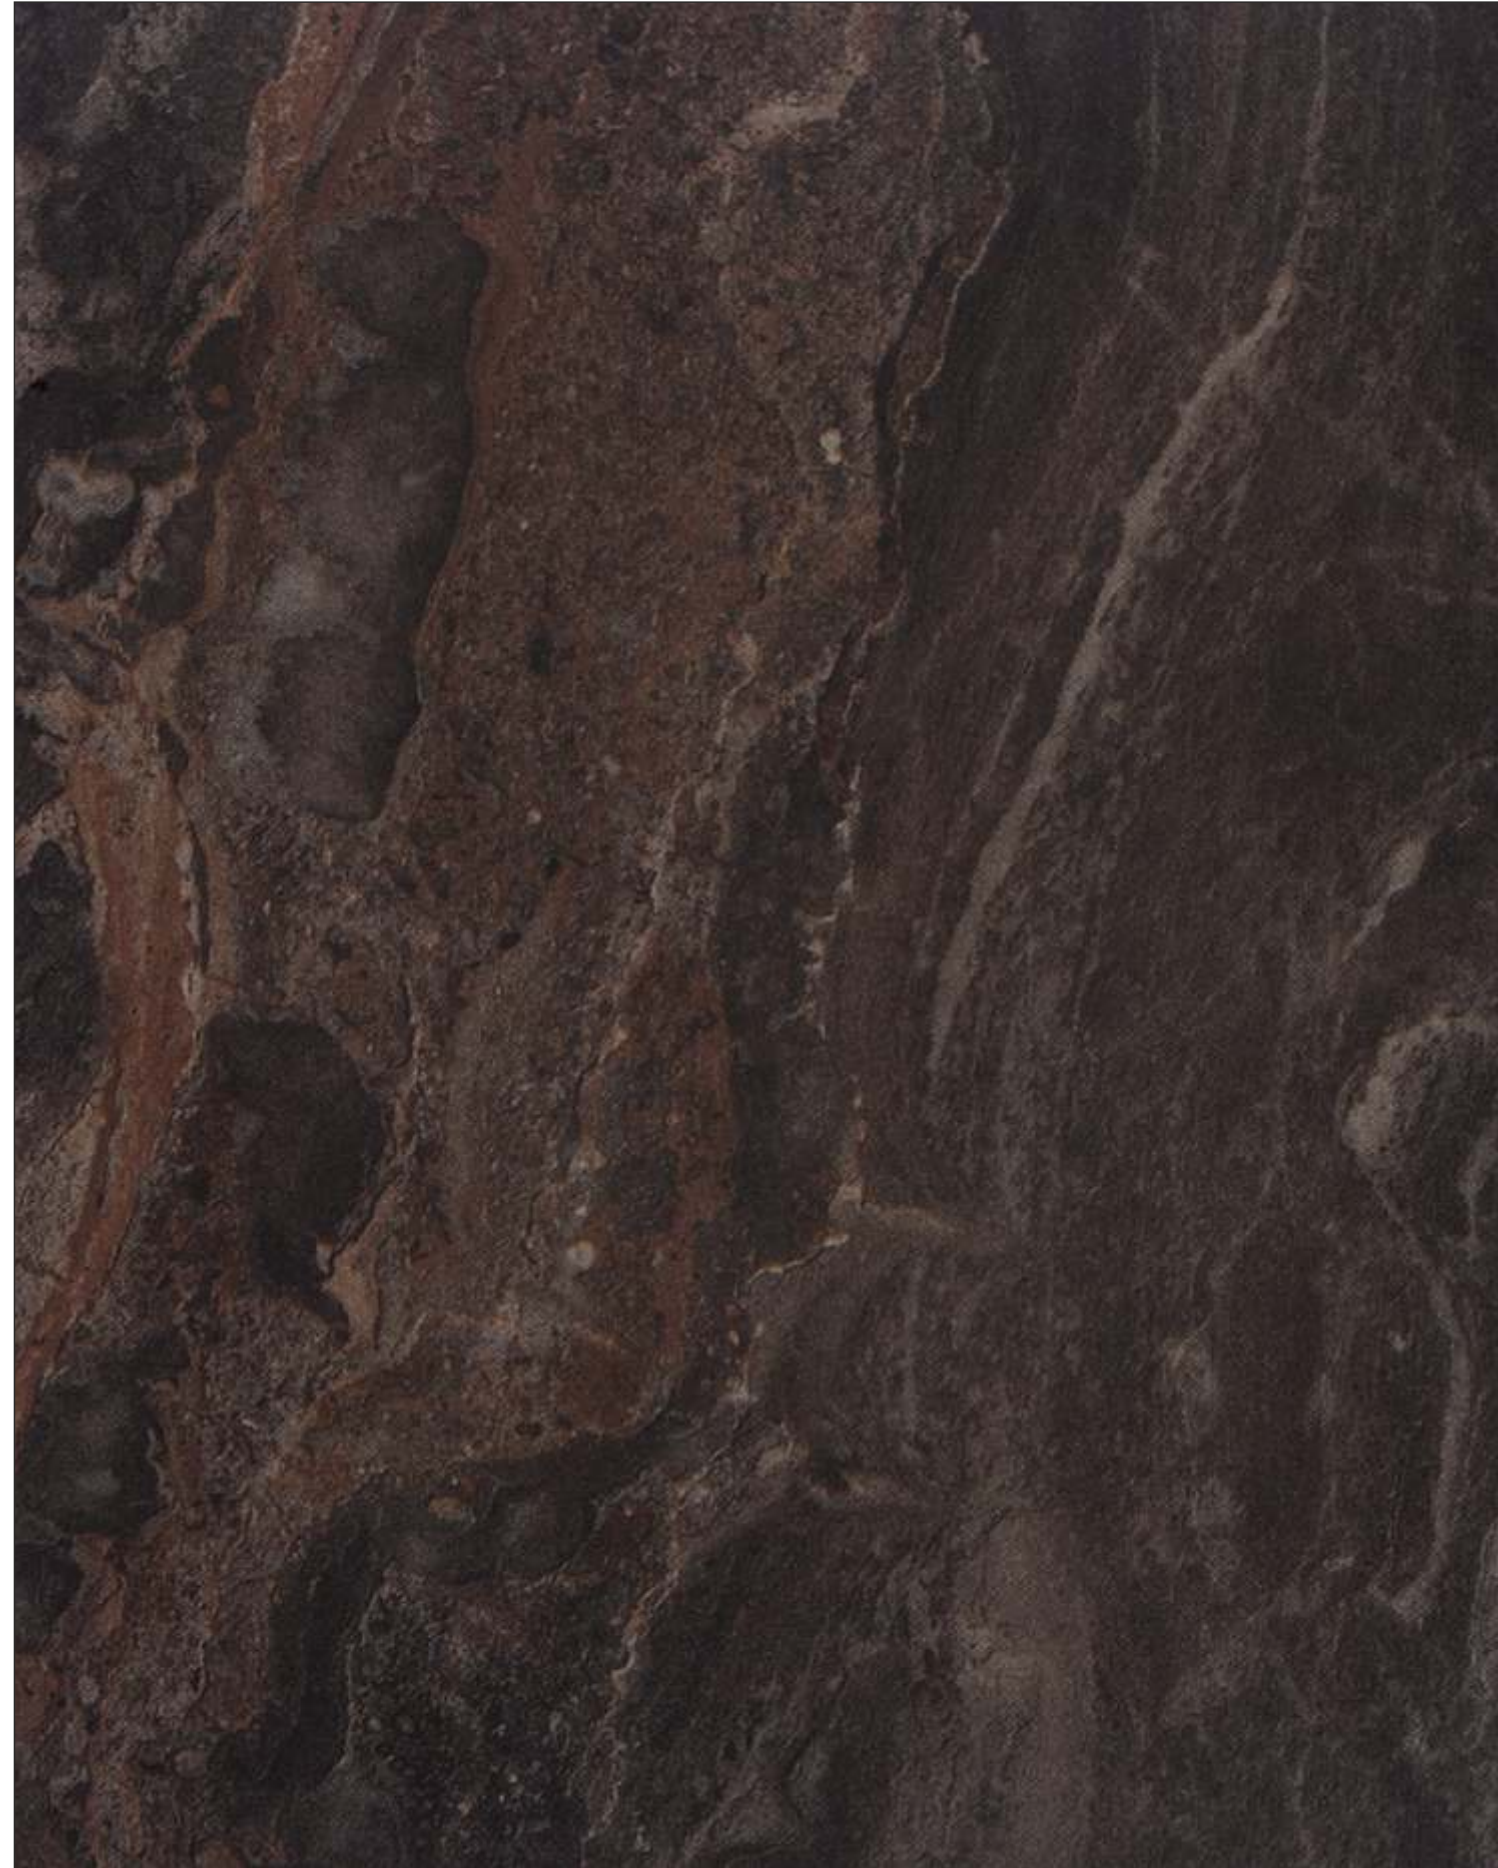

We, at Heritage Surfaces, aim to be an exemplar of all the possibilities for what a modern, 20th century company can accomplish. Our connection to our customers is paramount and in serving them, we aspire to provide elegant, beautiful, high-quality products that inspire them in all aspects of their lives. We want to ensure that they feel the utmost confidence in our products and our company.

Inspiration can come from the unlikeliest places. Even if it is simply the inspiration of a product of exquisite elegance and beauty giving a touch of the sublime to an otherwise gloomy day, we aim to inspire. We strive to grow and inspire others to grow, our employees, our customers and our corporate partners and even our competitors. An environment where innovation, creativity and excellence are fostered benefits everyone. We wish to inspire such an environment, where the workplace and the marketplace are areas that provide constant fulfillment and moral enrichment. Moreover, we hope to inspire the industry to embrace its social responsibilities and environmental stewardship. This is our company's mission and that is what will continue to inspire us.
